

Wireless PIR alarm motion sensor

TGA Register
RCM Approved
AS/NZS 61000.6.3.2012

- Powered by a choice of 9V battery or power adapter
- Wireless: No leads or cables around a resident
- Reduce the risk of falls and potential injuries
- Narrow curtain beam
- Portable
- Easy to use
- Plug and Play operation
- Integrates to most nurse call systems.
- Extremely cost effective

General description

2 in 1 PIR motion sensor (with narrow and wide beam options) now has a wireless version and triggers the call point via the wireless receiver box.

It can be used as a room entry/exit, out of bed or out of chair alarm just by moving the sensor to the position required.

Specifications:
